What we offer you

The Adult Critical Care Medicine Fellowship program offers a two year Fellowship program with training opportunities at multiple sites in the region; Intensive Care Units at The Ottawa Hospital – Civic and General Campuses, Cardiac Surgical Intensive Care Unit at the University of Ottawa Heart Institute and Community ICU sites at the Queensway Carleton Hospital and Montfort Hospital.

We offer flexible electives geared toward individual career paths. The Program has weekly Academic Half Days, monthly Noon Round and Journal Clubs, and a yearly scholarship day amongst numerous other academic activities.
