#### What we offer you

The University of Ottawa Hypertension Fellowship has been designed to meet the criteria of all its stakeholders. Most important among these is the prospective fellow, The Nephrology Partners of Ottawa (funding source). Two streams are available – depending on the trainee's interest and future goals.

#### Core Clinical Hypertension Experience (6 months minimum)

- a) 6 months of Hypertension clinic
- b) 24 ABPM review
- c) Weekly meeting with supervisor to review reading list
- d) Presentation of key topics at Monthly Hypertension Rounds

#### Clinical Stream (6 months)

Remaining four months may include a combination of:

- a) additional months of hypertension follow-up clinic
- b) additional months of Consult service (up to 4 months)
- c) elective months
- d) research project

# Department of Medicine

## Research Stream (6 months)

6 months dedicated to previously identified research project (project and supervisor must be identified prior to initiation of the fellowship).
